### **Assumption of Risk Agreement and Release**

I grant permission for the above-named child to participate in events sponsored by Peace Presbyterian Church.

In doing so, I am aware that there are always risks of hurt feelings and even of physical injury to participants and others arising out of immature and undisciplined youthful behavior. On behalf of the child named above and of myself and my family, I acknowledge and assume those risks and will not hold Peace Presbyterian Church responsible for them, except to the extent that those with responsibility to supervise my child during these events should intentionally or negligently fail to use reasonable care in supervising my child.

In the event I cannot be reached in an emergency, I give permission for the leaders to obtain any medical help which appears reasonably necessary.
